

THERON SHAW TRIO

August 20, 2026

Greetings world. Just sharing my Appreciation of a beautiful evening of music at Kafe Blue last night on a rare night out as a member of the audience. The words for the day are Love and forward movement. Theron Continues to set and maintain a high standard of excellence in his extreme comfort on his instrument, a view shared by a fellow patron who is himself a guitarist. There was a significant turnout of guitarist there who are part of Terry's circle through his role in music education and general musician comradery. The drummer Christian Dick "Mighty" was on point. I appreciated his adventurous journey into varied genres and time signatures in the execution of his solos. Andre Jack held the fort and executed his usual smooth solos even while engaging a cockroach that came in his direction lol. I must do more of this. Let me salute Carl Jacob and his unending support for the music through Kafe Blue the institution and his beautiful spirit. I highly appreciate the words of wisdom shared by both Micheal "Ming" Low chew tung and Anthony Maillard in our discussion at Intermission and my few words with Carl Jacob before I left.

Remember the Words are." Love and forward movement "

Keeping live Alive

Ase ooo

Tamba Gwindi is a drummer, multi-percussionist and educator from Trinidad and Tobago. His drumming took root and was solidified when he became a member of NJAC (National Joint Action Committee) and played with the Nantambu drummers. The recipient of the Cacique Award for the Theatre production, Tamba has accompanied several prominent local and international artistes.
